

The Rental Inspector

Stop using Pen and Paper

Don't use oversimplified checklists, or apps...

Data driven inspection app

It means that later inspections are based on former ones.

Start and go

Don't lose time by setting things up.

Keep your focus

At move-in we help you to focus on description, at move-out you focus on recording of issues.

No improvisation, go for Detailing

Work fast whenever possible and in great detail whenever necessary.

Get the Issue Detailing right

But also set actions, create work-orders and decide on accountability.

Work in style & comfort

Making sure you don't forget anything and keep the overview, always.

Avoid repetitive work

Thanks to lots of productivity tools.

Automatic Reporting

The inspection reports are generated automatically, these pdf-reports are sent by email.

Facilitating settlement

The quality of the inspection plays a prominent role in settlements.

Smart reporting

You can generate different kind of reports.

The app comes with a Manager

For planning and follow up of assignments.
